*This mini-Atlas is also
available in French*

WELCOME TO THE SUPERB WATERS OF THE "FLEUVE SAINT-LAURENT (THE ST.LAWRENCE RIVER)"

In French, a river may be called a "rivière" or a "fleuve". To qualify for the latter name a river must empty itself into the ocean (or the sea), possess real majesty and a top notch class.

The "Saint-Laurent (The St.Lawrence)" fully qualifies on all three counts.

In the year 2000 cruise season, the "Saint-Laurent" will host more than 15 companies offering over 25 types of cruises. Four more projects could be added to this impressive list within the next few months.

For the purpose of this booklet, a cruise differs from an excursion by the fact that berths, cabins and sit down meals are available on board.

Accordingly, we are proud to present to the Cruise Community, this mini-Atlas of the International Cruises on the Saint-Laurent - Edition 2000.

It is based on the information provided by the various companies cruising our waters and on 4 projects that have not yet been made public.

The data available in this brochure is taken from the material provided by the various companies committed to the year 2000 Cruise season.

This mini-Atlas is meant as a promotional tool for the development of cruises in the St.Lawrence region. For the latest information, the reader should refer directly to the companies themselves.

We also wish to thank the ports of Montréal and Québec for their kind cooperation.

The Secrétariat à la mise en valeur du Saint-Laurent is an agency of the Québec government and is its official promotional arm for the St.Lawrence River.

We will be happy to work with you and your partners, to reach our development goal.

Again, "WELCOME TO THE SUPERB WATERS OF THE "FLEUVE SAINT-LAURENT (THE ST.LAWRENCE RIVER) !"

Hugues Morrissette
General Director

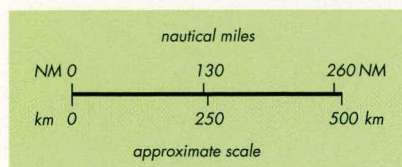

7th of March 2000
